

# Step by Step Application Guide Visiting Student

After carefully reading the information below, proceed to the online application portal.  
The application portal is now open, the link is published on the webpage under Admission.

## Create an account

Enter your email address and create a password.

Please remember your password. If you forget it, you can request a new one through the system at any time.

## Prepare your application in advance

We strongly recommend that you prepare all documents to be uploaded, as well as the information that must be entered manually, before starting the application process.

Please note that your application will not be saved until it is submitted at the final step of the process.  
This means:

You cannot partially complete the application and return later.

If you log out before submitting, all entered information will be lost.

## Submitting and editing your application

Once your application has been submitted, you may log in again and make changes up until the application deadline.

## **The Different Parts of the Application (Preparation Guide)**

Below is an overview of the different sections of the online application. We recommend reviewing this information carefully and preparing all required materials before starting your application.

### **Personal Information**

Please complete the following fields:

- Email address  
Confirm your email address. *Important:* Do not add a space after the last character, as the system will not accept the address.
